The following action is in response to the amendment filed for application 10/736,583 on January 3, 2006.

#### ***Allowable Subject Matter***

Claims 23-30, and 35-40 are allowed.

The following is an examiner's statement of reasons for allowance: the prior art of record fails to show or render obvious the differential cage for a differential gear as claimed, and particularly including the cage member being formed with an installation opening being lateral, part of said lateral opening extending into the parking lock gear for introducing said compensating gears and driving gears into the cavity, and including the remaining structure of claim 23. The present invention also particularly includes the bearing sleeve being press fit into the larger bore, and including the remaining structure of claims 29 and 35, respectively.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
